

# 000x

## Project

000x is unique, diverse, limited.

000x is a network that links artists on a national and international level.

000x gives you an opportunity to publish your ideas.

000x performs with the x-omat, which produces handmade portraits.

000x organises exhibitions and cultural events.

The 000x-team consists of eleven creative people. Three to four times a year, we produce a magazine with a limited edition of fifty copies. For each issue we define a new subject and collect contributions.

**Take part in 000x**

The title of the 19<sup>th</sup> issue is [the picture below](#)

We are looking for creative people who would like to publish their work.

## Procedure

**First step till december 3<sup>rd</sup> 2011:** Post one copy of the page(s) to the mailing address (see contact).

- If there are several pages, clearly mark the order.
- Describe the exact position of the sheet: top/ bottom, front page/ back page.

First, contributions will be collected by 000x-team. Then there is a 000x-team-meeting, where we discuss whether the works will be shown in the booklet or not. You will be informed about the decision by E-mail.

**Second step till January 6<sup>st</sup> 2011:** With a positive answer, 75 copies will be required (50 + the amount of participants). All artworks should be posted to the mailing address (see contact).

- Number of copies: 75 (Please check the number of copies, add some additional examples as a security)
- Contributions have to be given in copies or printing.
- Attention: do not cut the papers (format A5 according to style sheet)!
- If there are several pages, clearly mark the order.
- Describe the exact position of the sheet: top/bottom, front page/back page.

As a participant, you pay the costs for paper, copies, print and postage. On the other hand you get one booklet for free. The magazines are sold for twenty Swiss Francs. All the earnings are plugged back into the project. Every team-member works as a volunteer.

## Format specification

Please take notice of the attached style sheet (the document can also be found on [www.000x.ch](http://www.000x.ch))!

A contribution consists of one or several A5-pages. Motives can be placed on one or on both sides of a sheet. If you use front and back page, check the position of the images: hold against a source of light, front page and back page must be congruent.

- Delivery: A5 landscape format (210 × 148 mm)
- The standard paper size A5 will be cut, only at the bookbinder's: top & bottom each 5 mm, right and left each 15 mm. Hardback size: 180 × 138 mm.
